

# Ashtons Legal

The HydroTap with a tailored HydroCare plan is the perfect drinking water solution for law firm

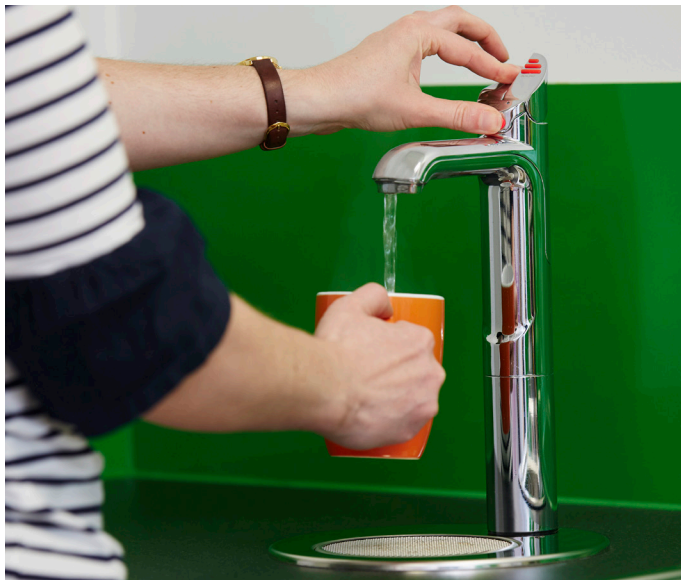

**Location:** East Anglia

**Ashtons**  
LEGAL

**Client:** Ashtons Legal

**Sector:** Commercial

**Product:** HydroTap Classic in bright chrome

## The brief

- A more convenient, ergonomic and reliable drinking water solution for multiple offices.

## The solution

Looking for a reliable way to deliver boiling water, Ashtons Legal decided to specify a mixture of boiling and boiling and chilled HydroTap Classics across their offices to allow staff convenient access to pure-tasting water for drinks and refreshment. For additional peace of mind, the company also benefits from a HydroCare plan, which provides regular filter changes, sanitisation and planned services.

## The results

“Knowing that the taps will be serviced regularly to keep them running like clockwork is fantastic. It is a big task that is removed from my to-do list and represents excellent value. I couldn't be happier.”

Leonard Newcombe, Head of Administration and Facilities  
Ashtons Legal
