

CALA Homes

Housebuilder CALA Homes ensures its latest luxury development has boiling water on tap

Location: South Lanarkshire

Client: CALA Homes

Sector: Residential

Product: HydroTap Celsius Cube in matt black

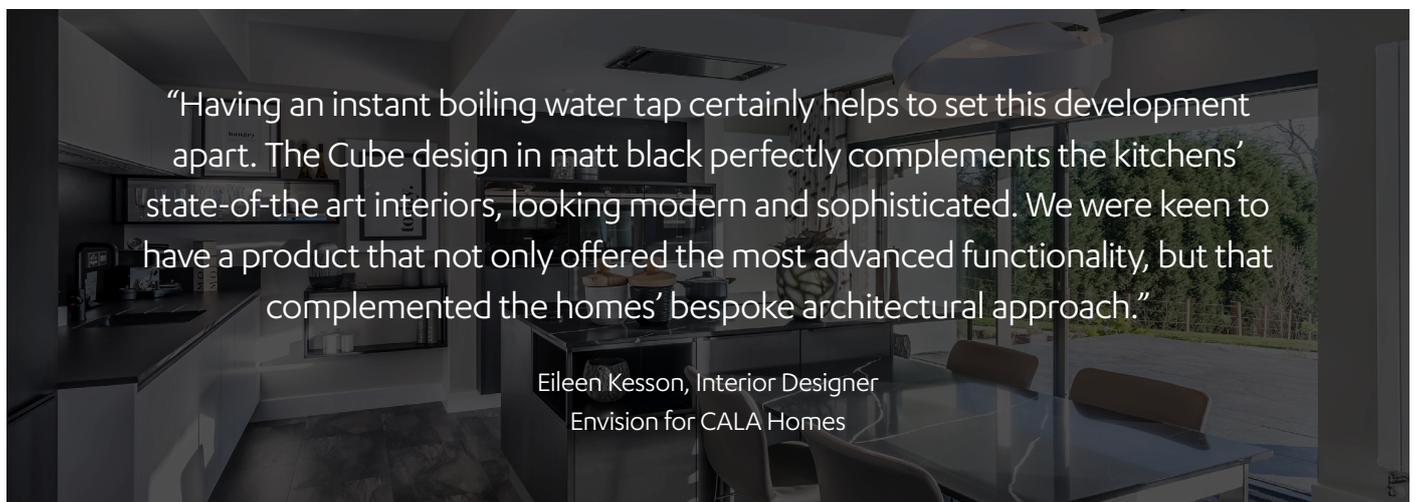

The brief

- To make their brand-new high-spec developments stand out.
- To add an element of luxury to daily life through up-to-date products.

The solution

A very important and high-spec development for CALA Homes, the 12 new houses at Riverside at Bothwell feature some of its most luxurious housetypes to date. Due to its exclusive nature, the WRAS approved HydroTap Cube in matt black was chosen to be included as standard, ensuring homeowners can not only keep their worktops free from drink-making clutter but can also enjoy the time-saving benefits of having filtered boiling water on tap.
