

# Studio Fortnum

Zip provides the perfect solution for interior designer's home kitchen

**Location:** London

**Client:** Studio Fortnum

**Sector:** Residential

**Product:** HydroTap Celsius Arc in brushed gold

## The brief

- A stylish tap that offers the ultimate in convenience and fits the kitchen design.

## The solution

Thrilled to discover she could get a HydroTap Celsius Arc in brushed gold, interior designer Rebecca Wakefield couldn't wait to start benefiting from the convenience of instant boiling water in her own newly renovated bright, family friendly kitchen.

## The results

"Because it is my regular kitchen tap as well as my boiling water tap the kitchen has retained a clean, minimal feel. My counter tops aren't cluttered and we have no use for a slow-to-boil kettle. It has really transformed daily life for us."

Rebecca Wakefield, Interior Designer  
Studio Fortnum
